

INDEX TO VOLUME XVII

A	PAGE		PAGE		PAGE
A.C. Power and Electrical Accessories. J. D. Miner	269	Books Received 20, 148, 176, 191, 258, 298, 323, 347		Flutter, The Fundamentals of. W. J. Duncan	16, 31, 32
Adiabatic Air Flow. G. B. Saksena	317	Bowen, I. G. Perforated Tension Joints	115	Flying Characteristics, Aeroplane. W. E. Hick	63, 70
Aerodynamics:—		" " The Strength of Alclad D.T.D. 390	240	Frames, Redundant Pin-Jointed. H. E. Vincent	14
Flutter, the Fundamentals of. W. J. Duncan	16, 31, 32	" " The Strength of Riveted Joints... ..	83	Fundamentals of Aeroplane Design. A. L. Klein	125, 146
Wind-tunnel Wall Interference. G. H. Tidbury	192	Bristol University, Aeronautical Education at	102	Fuselages, Rings for Two-Decked. L. Beskin... ..	39
Wing Pitching Moment Coefficient. W. L. Morse	204	British Government Scheme for Civil Aviation	311		
Aeronautics, The College of	236, 258	British Standard Specifications 183, 246, 273, 362, 369			
Aeroplane Weight Analysis. W. I. M. Nightingale	250, 358	Buckling Problem, A. J. Ratzersdorfer	348		
Aeroplanes:—		Bureau, Scientific and Technical Employment	330		
Black Widow	101, 113			G	
Firefly	47, 51			Geometry, Descriptive, in Engineering. G. Orloff	197
Gloster E28/39	224, 228	C		" of a Structural Joint. C. F. Allen... ..	257
Messenger	158, 166	Calibration of Cylindrical Tanks, The. C. F. Allen	113	" of Geared Tabs, The. C. F. Allen	51
Meteor	224, 229	Civil Airworthiness Requirements, British 26, 184, 308, 358			
Mustang	258	" Aviation, British Government Scheme... ..	311	H	
Shooting Star	347, 354	" Engineers' Air Transport Division, The Institution of	100	Handbooks, The Import of Instructional. J. A. Kyd	217, 239
Spitfire XIV	2, 25	" Service, The Scientific	280	Heating, Principal Limitations of Dielectric. C. J. Madsen	183
Tudor	299, 300	Clark, A. Making Ignition Faults Visible	245	Heywood, R. B. Photo-Elasticity and Design Problems	195, 226
Viking	323, 324	" " Testing Electrical Installations in Aircraft	306	Hick, W. E. Assessing Control Qualities	63, 70
Warwick	72, 81	Cleaver, A. V. Power-Plant Efficiencies	155, 156, 255		
Air Mileage Unit	63, 64	College of Aeronautics, The	236, 258		
Air Position Indicator	63, 64	Compass, Distant Reading	63, 64	I	
Air Registration Board Notices 26, 184, 308, 358		Control Qualities, Assessing. W. E. Hick	63, 70	Ignition Faults Visible, Making. A. Clark	245
Airscrews:—		Conway, H. G. Undercarriage Retraction Mechanisms	167	Installations in Aircraft, Testing Electrical. A. Clark	306
Torque-Coefficient. V. D. Naylor	229	Correspondence	20, 87, 182, 254, 338	Institution of Civil Engineers' Air Transport Division, The	100
Repairs, Temporary	57	Courses on Aero-Engines, Instructional	361	Instructional Handbooks, The Import of. J. A. Kyd	217, 239
Stalling of Airscrew Blades, The. V. D. Naylor	48	Crack Detection, Magnetic. J. E. D. Bell	58, 88	" Courses on Aero-Engines	361
Air Transport, British Government Organization for	311			Instruments, Development of Scientific	121
Alclad D.T.D.390, The Strength of. I. G. Bowen	240	D			
Allen, C. F. The Calibration of Cylindrical Tanks	113	Deflexion of Tapered Beams. R. Tatham and H. L. Price	312	J	
" " Geometry of Geared Tabs, The	51	Descriptive Geometry in Engineering. G. Orloff	197	Jet Engine, The Junkers Jumo 004	342
" " Geometry of a Structural Joint	257	Design and Production Technique. A. J. Schroeder	331, 363	" Propulsion, Comparison with Airscrews and Rockets	155, 156, 255
Assembly-Fixture Tooling Dock, A Master. H. W. Perry	118	" Defects that Lead to Failures	187, 209	Jig Details, The Importance of Attention to. H. Moore	122
Assembly Practice in a Boeing Factory	274	" Fundamentals, of Aeroplane. A. L. Klein	125, 146	Junkers Jumo 004, Jet Engine	342
Assessing Control Qualities, W. E. Hick	63, 70	Dielectric Heating, Principal Limitations of. C. J. Madsen	183	Joint, Geometry of a Structural. C. F. Allen	257
Automatic Air Navigation. F. H. Scrimshaw and J. A. Wells	63, 64	Drawing Office Appliance, A New	242		
Axonograph, The	242	" , Principles Involved in. A. J. Schroeder	331, 363	K	
		Drury, G. W. Appreciation of Landing Problems	188, 218, 254	Kearns, T. Electrical Equipment in Multi-Engined Aircraft	1, 21, 87, 182, 206
B		Duct, The Stresses in the Wall of. W. G. Webber	355	Kinthead, A. N. The Failure of Struts	3
Balancing Machines, The Design of. F. Campbell Rose	169	Duncan, W. J. The Fundamentals of Flutter... ..	16, 31, 32	" " Unsymmetrical Bending and Strut Design	232
Beams, Deflexion of Tapered. R. Tatham and H. L. Price	312			Kittelsen, H. M. J. Stressed-Skin Wings in Pure Torsion	94
Beechcraft Vee Tail Monoplane	102	E		Klein, A. L. Fundamentals of Aeroplane Design	125, 146
Bell, J. E. D. Magnetic Crack Detection	58, 88	Education at Bristol, Aeronautical	102	Kyd, J. A. The Import of Instructional Manuals	217, 239
Bending, Unsymmetrical, and Strut Design. A. N. Kinthead	232	Electric Heating, Principal Limitations of Dielectric. C. J. Madsen	183		
Beskin, L. General Circular Ring Analysis	126	" Ignition Tester, An. A. Clark... ..	245	L	
" " Rings for Two-Decked Fuselages... ..	39	" Installations in Aircraft, Testing. A. Clark	306	Lancaster and the 10-ton Bomb, The Landing Problems, Appreciation of. G. W. Drury	188, 218, 254
Blast, The Effect of Water-Borne. R. G. Worcester	114	Electrical Equipment in Multi-Engined Aircraft. T. Kearns	1, 21, 87, 182, 206	Letters to the Editor	20, 87, 182, 254, 338
Boeing Factory, Assembly Practice in a Bomb, The 10-ton and the Lancaster	274, 93	" Power, Use of A.C. for. J. D. Miner	269	Licensed Aircraft Engineers, Notices to 26, 184, 308, 369	
Book Reviews:—		Ellipse as Applied to Aircraft, The (<i>Letter</i>)	20	Loads, The Specification of Test. A. G. Pugsley	352
A.B.C. of Flying, The. W. L. Marsh	298	Employment Register, Scientific and Technical	330	Low Speed Aerodynamics Research Association, The	1
