THE Journal of the Textile Institute

VOL. XXXV—1944

TRANSACTIONS—NAME INDEX

	PAGE		PAGE
B		R	
Barr, T., and Speakman, J. B. Action of Phenol on Wool	T77	Richardson, T. N., see White, W. A. S.	T53
C		Ridge, R. P., Little, A. H., and Wharton, J. Jute Cellulose and the Relation of Jute Incrustants to Fibre and Yarn Strength	
Chamberlain, N. H. A General Purpose Photoelectric Photometer and its Use in Textile Laboratories	T61		T93
Chamberlain, N. H., see Vatga, A.	T89	S	
H		Speakman, J. B., see Barr, T.	
Howlett, F. Cellulosic Rayons; Structure; Part I. Non-degradative Acetylation and Deacetylation of Cellulose and Secondary Cellulose Acetate	T123	Speakman, J. B., Menkart, J., and Liu, W. T. Milling: On the Existence of a Critical Temperature for	T41
Howlett, F., and Martin, Elizabeth. Acetic Acid Yield of Acetylated Celluloses: Determination	T11	Spiegel, E., see Townend, P. P.	T17
Howlett, F., Minshall, E., and Urquhart, A. R. Structure of Cellulosic Rayons; Part II. The Viscosity of Solutions of Cellulose Acetate	T133	T	
K		Townend, P. P., and Spiegel, E. Nep Formation in Worsted Carding	
Kendall, F. Weak Places in Cotton Fabrics..	T117		T17
L		U	
Little, A. H., see Ridge, R. P.	T93	Urquhart, A. R., see Howlett, F.	
Liu, W. T., see Speakman, J. B.	T41	V	
Lunge, G. H. Elastic Webbing: Some Observations on the Measurement of Stretch ..	T1	Vatga, A., and Chamberlain, N. H. Carded Web: A Method of Measuring the Irregularity of	
M			T89
Martin, Elizabeth, see Howlett, F.	T11	W	
Menkart, J., see Speakman, J. B.	T41	Wharton, J., see Ridge, R. P.	
Minshall, E., see Howlett, F.	T133	White, W. A. S., and Richardson, T. N. Fluidity Determinations on Flax Cellulose	
			T33

TRANSACTIONS—SUBJECT INDEX

	PAGE		PAGE
A		F	
Acetic Acid Yield of Acetylated Celluloses : Determination. F. Howlett and Eliza- beth Martin	T1	Fluidity Determinations on Flax Cellulose. W. A. S. White and T. N. Richardson	T53
Action of Phenol on Wool. E. Bau and J. B. Speakman	T77	G	
C		General Purpose Photoelectric Photometer and its Use in Textile Laboratories. N. H. Chamberlain	T81
Carded Web : A Method of Measuring the Irregularity of . . . A. Varga and N. H. Chamberlain	T89	J	
Cellulosic Rayons : Structure ; Part I. Non- degradative Acetylation and Deacetyla- tion of Cellulose and Secondary Cellulose Acetate. F. Howlett	T123	Lite Cellulose and the Relation of Lite In- creasants to Fibre and Yarn Strength B. P. Ridge, A. H. Little and J. Wharton	T95
.. Structure ; Part II. The Viscosity of Solutions of Cellulose Acetate. F. Howlett, E. Minshall and A. R. Urquhart	T133	M	
E		Milling : On the Existence of a Critical Tem- perature for—. J. B. Speakman, J. Menkart and W. T. Liu	T41
Elastic Webbing: Some Observations on the Measurement of Stretch. G. H. Lunge	T7	N	
		Nep Formation in Worsted Carding. P. P. Townend and E. Spiegel	T47
		W	
		Weak Places in Cotton Fabrics. F. Kendall	T117
